WE MAKE YOUR COMPANY
MOBILE
WITHOUT ANY EXPENSIVE INVESTMENT IN SOFTWARE OR HARDWARE

▸ **Online and offline access to corporate data from anywhere**

▸ **No changes need to be made to the existing ERP solution**

▸ **Thanks to Cloud technology, data is available and ready for use immediately**

▸ **No investment or costly configuration required**

▸ **Software on a subscription basis (SaaS)**

▸ **Standard modules for all applications in the business**

coresuite **mobile** makes your enterprise data and business processes available securely on different smartphones, tablets and notebooks.

1

coresuite **mobile** provides standard modules such as CRM, Sales, Services, HR, etc. all running in the cloud.

2

The **core**suite **cloud connector** synchronizes your ERP data securely with the **core**suite **cloud** for use on your mobile devices.

3

Data can be accessed, edited and synchronized at any time via mobile device, whether it is offline or online.
